To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
~~General~~ Revenue Departments.
Bangalore.

SIR,

With reference to your letter No. 12095/G.69-15-20 dated the 5th March 1918 declining to modify the existing procedure in issuing licenses for manufacturing and storing explosives in the City Municipal limits, as the same was based on statutory regulations and rules, I have the honor to invite your kind attention to the circumstance that the Municipal Council's suggestion was that the rules may be so amended as to provide for the Municipal Council having a voice in the matter. It cannot be denied that the Municipal Council has a great deal at stake in such a question and the mere fact that a large number of manufactories and stores of dangerous explosives have been licensed to exist in the midst of some of the most crowded parts of the City in the immediate proximity of large piece-goods godowns, is sufficient proof either that the rules are defective or that they are not administered with due regard to public safety.

2. I beg to enclose herein for the information of Government a copy of the resolution of the Municipal Council at their meeting held on

on the 6th April 1918, respectfully re-iterating their request that they should have a voice in the matter of issuing licenses for the manufacture and storage of fire work composition within the City Municipal limits.

3. If nothing more is feasible at this stage, Governmen might at least pass executive orders rendering it incumbent on the licensing authority to consult the Municipal Council before issuing licenses for these dangerous occupations.

I have the honor to be,

Sir,

Your most obedient servant,

Honorary President.
